2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District & School Profile

The Southern Kern Unified School District is comprised of two elementary schools, a middle school, a high school, an independent study school, and a continuation high school.

Abraham Lincoln Independent Study is a K-12 alternative to traditional and continuation schools that provides educational services for students who are experiencing difficulty participating in the traditional school setting and/or who want more individualized and self-regulated instruction. When a student chooses to independent study, the student takes on more responsibility, needs to be self-directed and disciplined to complete all assignments and attend regular meetings with teachers. Parents need to make the commitment to become more involved than they may have found necessary in the traditional setting

Abraham Lincoln's High School students graduation requirements, of 230 credits, are the same as those of the comprehensive high school.

During the 2022-2023 school year, 137 students were enrolled in grades K through 12.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Southern Kern Unified School District held a public hearing on September 20, 2023, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators.

School Facility Conditions and Planned Improvements

Abraham Lincoln is comprised of 2 classrooms and one administrative office. The facility strongly supports teaching and learning through its ample classroom space.

Cleaning Process

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or district office. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. At the time of publication, 100% of the restrooms were fully functional.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	1	3	12	12	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are always welcome at Abraham Lincoln Independent Study (ALIS) School Site Council meetings. The ALIS School Site Council meets regularly and invites parents to attend. At the beginning of the school year parents are invited to "Back to School Night" which provides an opportunity for parents to become familiar with their child's school and teacher. Parent conferences are held each year at the end of the first quarter. Abraham Lincoln is accredited by the Western Association of Schools and Colleges (WASC). Parents will be given continuous opportunities to participate in WASC meetings. Parents are invited to our monthly student of the month ceremony.

Parental involvement opportunities are communicated regularly through Blackboard Connect and Parent Square. For parent volunteer opportunities, please contact principal, Nino Torres at 661-256-5090.

2023-24 School Safety Plan

Abraham Lincoln's Comprehensive School Site Safety Plan was last revised in October 2022, and reviewed November 2022, by school administrators and staff representatives, to ensure the protection of students and staff, the school and school property, and to establish a climate that is conducive to learning. All staff members and parents have access to the updated plan and staff members annually review the school site safety policies. Southern Kern Unified School District has established Standards of Excellence. Among these standards are: "The Southern Kern Unified School District will maintain safe, secure, and efficient campuses that promote positive attitudes, high morale, and an enriched learning/working environment" and "Facility and grounds cleanliness will meet District standards." Abraham Lincoln met these standards.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held once a month; and earthquake drill are held once a quarter. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations, and emergency supplies are available.

Students are supervised throughout the day by administrators, teachers and campus safety officers. (When in session and on campus) Visitors register at the office.

Professional Development

The Southern Kern Unified School District believes that staff development is an important component in maintaining a positive, enriching learning environment for students. The focus of staff development has been developed at the school site based on the School's Annual Plan for Student Achievement. Staff members are encouraged to participate in workshops and/or conferences that provide them with the latest information and trends in their particular teaching areas. In addition to the topics covered in staff meetings, such as differentiating instruction and writing, staff have opportunities to participate in webinars that can further assist them in new innovations in writing and math. The week prior to the school year starting the district offered

Professional Development

multiple professional development opportunities that our teachers were able to attend and be compensated for their time. These opportunities included: Capturing Kids Hearts, CHAMPS, Math at Works, CCIS (California Consortium for Independent Study) Annual conference etc. The district has 2 days of Professional Development as part of the teachers contract. These 2 days were used to provide professional development by Dr. Doug Fisher on Teacher Clarity, English Language Development by Dr. Kate Kansela, and Visible Learning for Mathematics by Joseph Assof, and Grading Processes by Ken O'Connor.

This table displays the number of school days dedicated to staff development and continuous improvement.
