In the Matter of the District's Classified
Service

RESOLUTION NO. 19-20-02

A Resolution by the Governing Board
Designating the Position of Chief
Business Officer as Senior
Management of the Classified
Service

RECITALS

1. The Education Code permits school districts to designate a limited number of positions as "senior management of the classified service." A senior management employee can include an employee who acts as the fiscal advisor to the district superintendent, or is in the highest position not requiring certification in a principal district program area, and which has districtwide responsibility for formulating policy or administering the program. (Education Code sections 45100.5 and 45108.5)

2. Positions designated as senior management of the classified service are entitled to all of the rights, benefits, and burdens of other classified employees of the District, except that they shall be exempt from all provisions relating to obtaining permanent status in the management position. Notice of reassignment or dismissal from a position in the senior management of the classified service shall be provided in accordance with the provisions of Section 35031.

NOW, THEREFORE, BE IT RESOLVED as follows:

A. The above recitals are true and correct.

B. The position of Chief Business Officer is designated as senior management of the classified service when this position is occupied by an employee who is a member of the classified service.
